

**SAFETY DATA SHEET according to EC directive
04/ 155/ EEC**

OFFoam W 72

1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND THE COMPANY/UNDERTAKING

Product information

Trade name : **OFFoam W 72**

Use : Defoamer for Emulsion Paints and Emulsion Plasters

Company : AYKİM
Aykim yolu no: 48 TR –41490
Gebze - Muallimköy

Telephone : + 90 0 262 724 93 93

Telefax : + 90 0 262 724 93 99

Technical information : AYDIN İSHAKOĞLU
e-mail : aykim@superonline.com

Emergency telephone number : + 90 0 532 540 06 67

2. COMPOSITION/INFORMATION ON INGREDIENTS

All componetnts in this product are listed in the T.S.C.A. Inventory.

Product composition / C.A.S. Registration Number	Approximate Weight Percentage	Exposure Limits
None	None	None

3. HAZARDS IDENTIFICATION

Eye contact : Direct contact irritates slightly with redness and swelling, possible corneal injury.

Skin contact : Single, prolonged exposure(hours) causes no known effect. Several repeated, prolonged exposures may cause slight irritation.

Inhalation : No irritation to nose or throat expected. No injury is likely from relatively short exposure.

Ingestion : Amounts transfered to mouth by fingers , etc., during normal operations should not cause injury.

Comment(s) : No known, adverse chronic health effects, but necessary exposure to eny chemical shoud be avoided. This compound, with any chemical, may enhance allergic conditions on certain people. There are no known, medical conditions that might be aggravated by exposure to this product.

**SAFETY DATA SHEET according to EC directive
04/ 155/ EEC**

OFFoam W 72

4. FIRST AID MEASURES

- Inhalation : No problem.
- Skin contact : Exposed skin should be thoroughly rinsed with fresh water to move the product from the exposed area as soon as possible. If irritation persists, CONSULT A PHYSICIAN.
- Eye contact : Immediately upon exposure to the eyes, they should be flushed with plenty of fresh water, ensuring that both the upper and lower lids are rinsed well for five to ten minutes. GET MEDICAL ATTENTION if irritation persists.
- Ingestion : Data regarding the effects of ingestion is not available. If product is ingested, CONSULT A PHYSICIAN.
- Comment(s) : Although this product is considered to be a safe product, the user assumes that the liability to ensure that safe and prudent procedures are used in handling and using the product in order to ensure that personnel are not dangerously exposing the eyes and skin without proper safeguards.

5. FIRE – FIGHTING MEASURES

- Flash point : 570 °F
- (Method) : P.M.C.C.
- Auto ignition temperature : Not known.
- Flammability limits in air : Not determined.
- Extinguishing media : All standard firefighting media.
- Hazardous decomposition products : This product contains methyl-polysiloxane which can generate formaldehyde at approximately 300°F(150°C) and above in atmospheres that contain oxygen. Other decomposition products are carbon oxides, sulfur oxides, nitrogen oxides, and silica(crystalline).

6. ACCIDENTAL RELEASE MEASURES

- Containment/Clean-up : Disposal of collected product, residues, and clean-up materials may be governmentally regulated. Observe all applicable local, state, and federal waste management regulations. Mop up, wipe up or soak up with absorbent and contain for salvage or disposal. For large spills, provide diking or other appropriate containment to keep material from spreading. Clean any remaining slippery surfaces by appropriate techniques, such as several moppings or swabbings with appropriate solvents; washing with mild, caustic detergents or solutions; or high-pressure steam for

large areas. For non-sillicones, use typical industrial cleaning materials. Observe any safety precautions applicable to the cleaning material being used. Observe all persoanal protection equipment recommendations described in section 8. Local, state, and federal reporting requirements may apply to spills or releases of this material into the environment. See. applicable regulatory compliance information in section 15.

Note : see section 8 for Personal Protection Equipment for Spills.

7. HANDLING AND STORAGE

Handling

Advice on safe handling : No special precautons required.

Storage

Advice on safe storage : No special precautons.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Engineering controls

Local exhaust : None should be needed.

General ventilation : Recommended.

Personal protective equipment

Suitable respirator : None should be needed.

Eye protection : Use proper protection(safetey glasses as minimum).

Skin protection : Washing at mealtime and end of shift is adequate.

Inhalation : No respiratory protection should be needed.

Suitable gloves : No special protection is needed.

Personal protective equipment for spills

Eye protection : Use proper protection (safety glasses as minimum)

Skin protection : Washing at mealtime and end of shift is adequate.

Inhalation/Suitable respirator : No respirator protection should be needed.

Precautionary measures : Avoid eye contact. Use reasonable care.

04/ 155/ EEC**

OFFoam W 72

- Comment(s) : None.
- Note : These precautions are for room temperature handling. Use at elevated temperatures, or in aerosol/spray applications, may require added precautions.

9. PHYSICAL AND CHEMICAL PROPERTIES

- Physical appearance : Liquid
- Color : Clear viscous
- Odor : No odor
- Specific gravity at 25°C : .973 at 25°C
- Solubility in water : Insoluble
- Viscosity : 50 through 100,000 centistokes
- pH : Not applicable
- Note : The above information is not intended for use in preparing product specifications. Contact manufacturer before specification.

10. STABILITY AND REACTIVITY

- Chemical stability : Stable
- Hazardous polymerization : Hazardous polymerization will not occur.
- Conditions to avoid : None
- Materials to avoid : Oxidizing material can cause a reaction.
- Comments : None

11. TOXICOLOGICAL INFORMATION

Complete information is not yet available.

12. ECOLOGICAL INFORMATION

Complete information is not yet available.
